

4.0 TEACHINGS OF JESUS CHRIST

There are some people in society who have not accepted Christ. As Christians, there are various ways of reaching out to the lost.

Activities one can participate in to reach out to the lost

1. Organising and attending crusades in shopping centres to reach out to non-believers.
2. Planning for community fellowships regularly and welcoming sinners.
3. Using social media and other digital platforms to share biblical teachings.
4. Holding prayer groups to pray for the salvation of others.
5. Composing music, poems and videos that communicate the message of salvation.
6. Visiting the needy such as orphans, widows, sick and disabled to offer spiritual comfort.
7. Engaging in community service projects as a way to demonstrate the love of God.
